

MAKING A DIFFERENCE

Sep24-Apr25

The difference three Sustainability Managers made to three school communities in two terms

90% of 71 Climate Action Plan steps achieved/in progress

>£15,000 investment secured for SMS schools

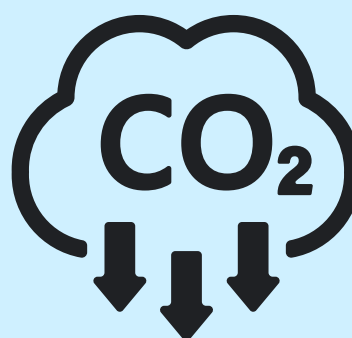

>2,500 pupils and staff accessed sustainability education

20 “beyond eco-group” sustainability events

>80 volunteers supported SMS schools

Over 1 tonne of carbon saved*

*in addition to annual carbon footprint calculations due in Jul25

“I learned how big of an impact waste is. We learned how to stop it.”

Year 7 Eco-Group Pupil

“I have learned about climate change and how we need to change the world - it was really fun.”

Year 4 Pupil

“The SMS programme is **invaluable**. The school has **achieved so much**. Without SMS, we would only have made a fraction of the progress.”

Eco-Lead Teacher, SMS school

MAKING A DIFFERENCE

Sep24-Apr25

*“Since SMS has been here, I feel **less alone** and more **part of a team** in my efforts to **involve the wider school community** in working towards the school’s goal to **improve the biodiversity** of nature around the site and to be **more proactive in having a greener approach.**”*

Gardener, SMS school

*“The SMS programme has proven to be **invaluable**. Staff from schools involved have shared how **transformative** it is, with external companies and the Climate Change Team at Ealing Council also praising its impact.*

*SMS staff are achieving **remarkable progress** in climate change initiatives, environmental projects, and **sustainability efforts that other schools can only dream of**. The programme offers **exceptional value**, with detailed reports showing significant positive impacts on both the environment and school communities. This programme is a **game-changer**, driving substantial improvements in sustainability practices, and **every school in the country should have it.**”*

Senior Health Improvement Officer, Ealing Council
