

MAKING A DIFFERENCE

Sep-Dec 2024

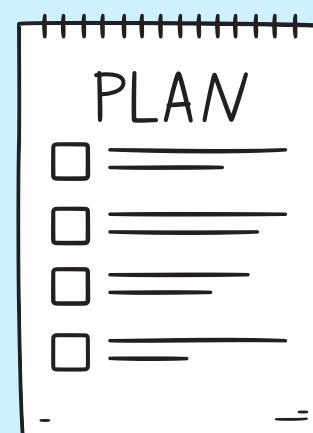

The difference three Sustainability Managers made to three school communities in three months

3 carbon footprints calculated

>600 individuals surveyed

3 Climate Action Plans drafted

3 weekly pupil eco-groups established

>£7,500 investment secured for the schools

>20 organisations engaged with

6 grant applications submitted

"I have learned to answer questions and talk in front of other people."

Year 2 Eco-Group Pupil

"I am better at learning how to respect animals and am better at helping our world."

Year 3 Eco-Group Pupil

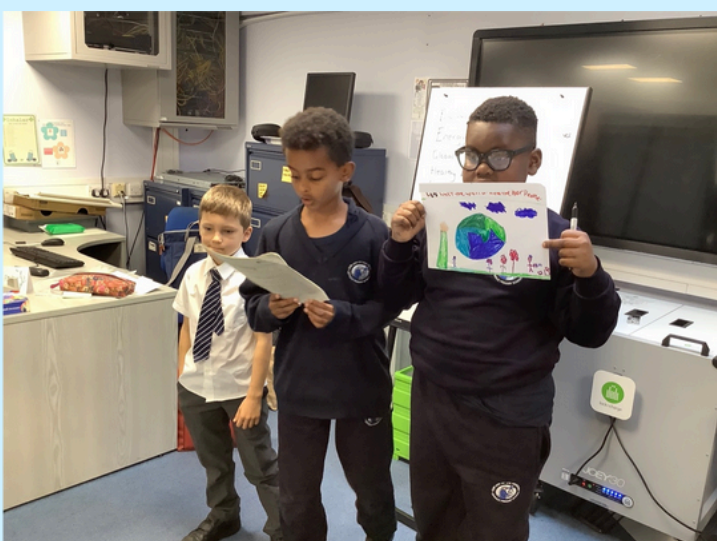

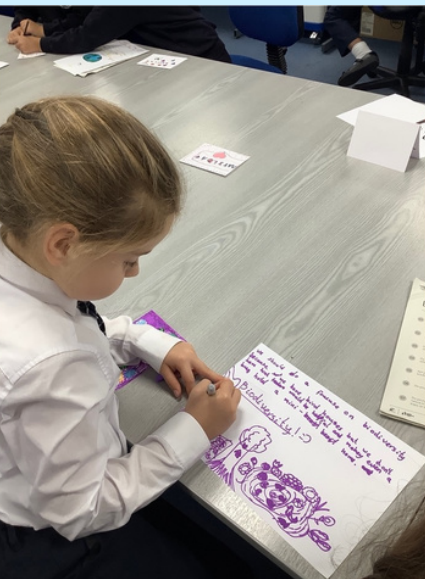

"It made a huge difference to be able to make contact through SMS and connect with a school that seems just right for the programme. You made the process so much easier, and I am really excited to collaborate with the school to build green skills and green social action!"

Learning Officer, London Transport Museum

MAKING A DIFFERENCE

Sep-Dec 2024

"I feel quite exhausted today from yesterday, in a really good way, and a little bit emotional about all those lovely kids."

Some children who really wouldn't even consider speaking a week ago did their very best including the teeny tiny ones. Behind the scenes there were some kids who've found it super hard to concentrate but worked really well supporting the younger ones.

Thanks all for letting me be part of it – it's a journey I feel very privileged to be part of."

Rachel, SMS Sustainability Manager
